

## Friends of the Hudad

The Hudad is a small farming community in the mountains above Lalibela in Ethiopia. You can help support the Hudad community to build a school , provide a water to villages, conserve the local forest and improve their food supply. We are well on our way to reaching this goal. A temporary school is now operating for 70 children. A 3km pipeline and water storage are being constructed by the community to provide water for the school and villages. 6000 trees have been planted. We are going to Ethiopia this year to build the school with the community. We are asking friends and supporters to consider making a small, regular donation until December 2018 to finish this valuable community education, sustainable farming and conservation project. This could be as little as \$10 per week. We are also very happy to accept a one off donation.

*Please email this form to the address below as well as making bank EFT. We will send a receipt in July for regular donations and a receipt for one off donations within a month of receiving your donation. We are a registered not for profit in both Australia and Ethiopia. As we are a small volunteer run organisation we don't have tax deductible status for donations.*

### Personal Details:

Given name	<input type="text"/>
Family name	<input type="text"/>
E mail	<input type="text"/>
Phone number	<input type="text"/>
Address	<input type="text"/>

<b>Your donation:</b>	\$40 each month	<input type="text"/>
	Monthly donation of	<input type="text"/> \$
	Once off donation of	<input type="text"/> \$

<b>Membership:</b>	Adult \$20	<input type="text"/>
	Concession \$10	<input type="text"/>
